

## Certificate of Conformity D.L.S. Electronic Systems

**Company:** HD Electric Company  
**Product Tested:** Lookout  
**Models Covered:** LO-01, LOC-01  
**Testing Dates:** March 7 & 8, 2018  
**Report Numbers:** 23655 – 23656 & 18CA035

*A sample of HD Electric Company Lookout was tested for EMC compliance to the standards listed below.*

*The test results confirmed the product complied. For additional information, please refer to the test reports.*

**Emissions:** It was found that the Lookout **meets** the limits for Emissions requirements for the following standards:

EN 61326-1:2013 Electrical Equipment for Measurement, Control and Laboratory Use

**Immunity:** The Lookout **meets** the following requirements:

**Immunity Sections Evaluated:**

Electrostatic Discharge Immunity Test  
Electric Field Radiated Immunity Test  
Electrical Fast Transient/Burst Immunity Test  
Surge Immunity Test  
Conducted Immunity Test  
Magnetic Field Immunity Test

**Safety:** The Lookout meets the following requirements: EN 61010-1:2010 & Corrigendum 1:2011

**Summary:**

Immunity: The Lookout met the requirements of EN 61326-1:2013 Electrical Equipment for Measurement, Control and Laboratory Use; EMC Requirements (IEC 61326-1) for Industrial Locations using the test procedures IEC 61000-4-2, IEC 61000-4-3, IEC 61000-4-4, IEC 61000-4-5, IEC 61000-4-6, and IEC 61000-4-8.

Emissions: The Lookout, met the radio interference radiated emission requirements of CISPR 11: 2009, A1:2010.

*Furthermore, the manufacturer may declare that the product is in conformity with the above sections.*
